

Capture what's on your mind!

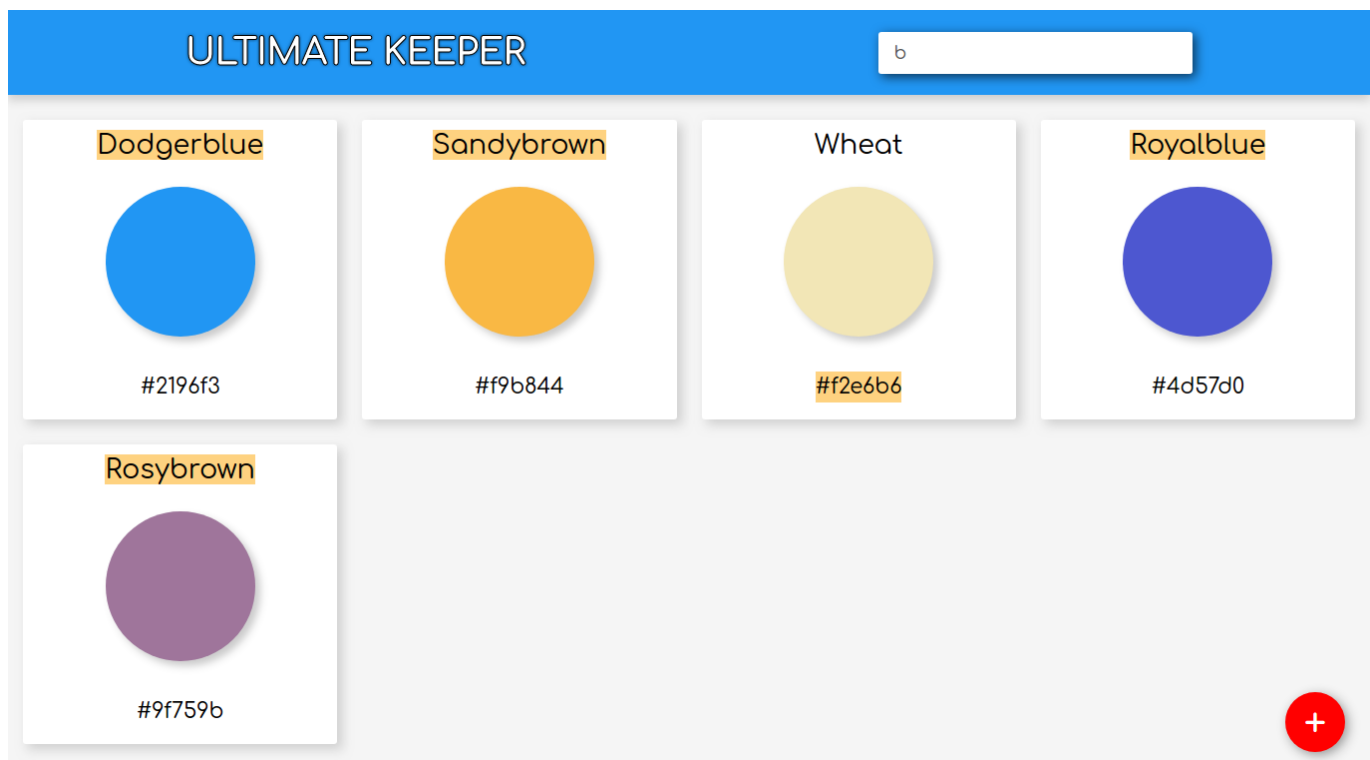

Write down what you want:

- Add notes
- Add plans
- Add colors, if you are a designer!
- Save your passwords
- Make shopping lists

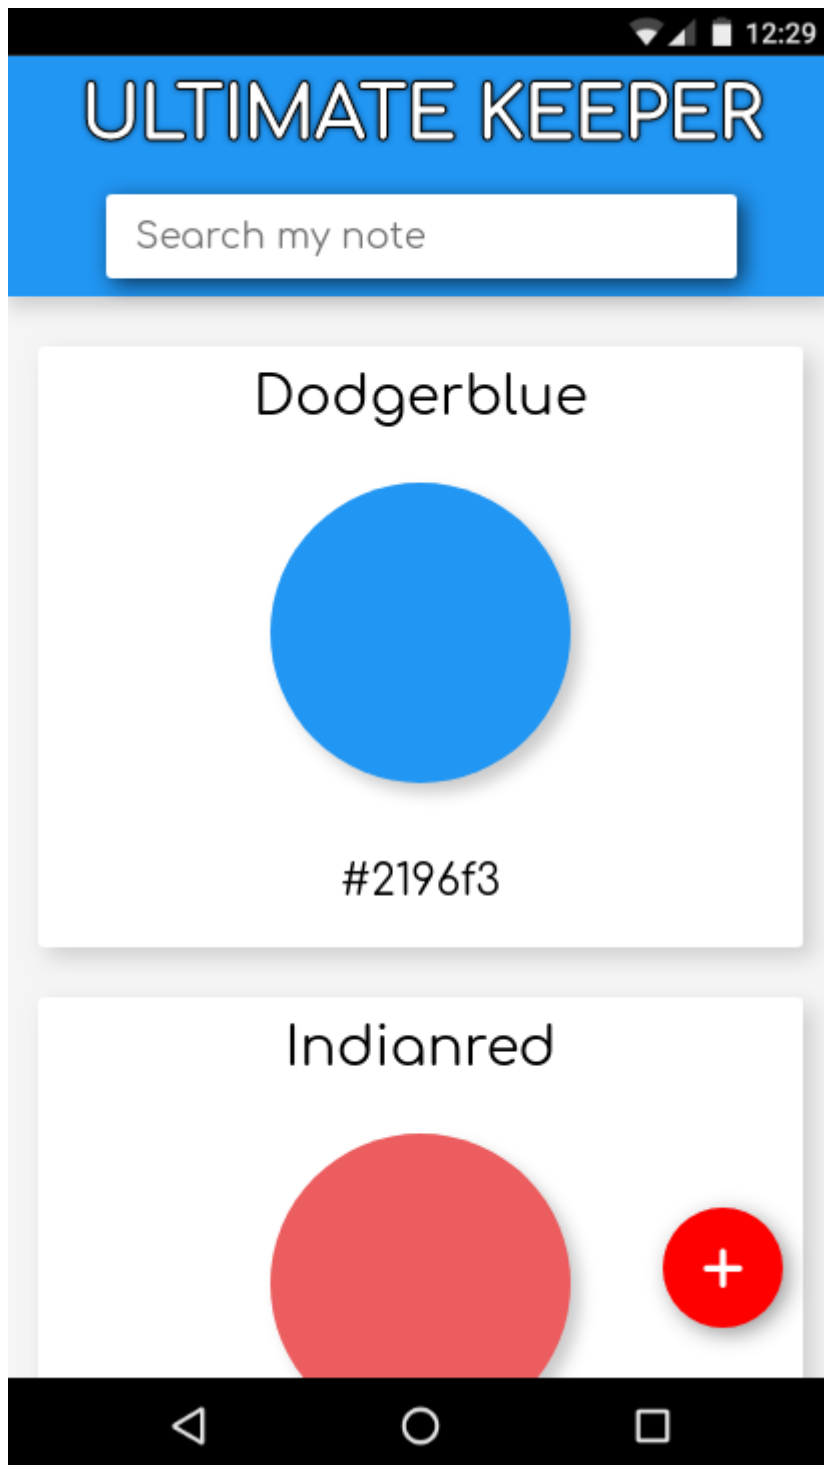

Find what you need

- Color your notes to find them easily
- Use the note search to find exactly what you have written

Available everywhere

You can use this app where you want: on your phone, PC, laptop or tablet

No internet connection needed

Unlimited keeper needs no internet connection to work! All information storages locally, and it's a progressive web app, so it can be downloaded on your phone and requires practically no space!
